Notes:

- The total power input is the sum of all inputs (appliances) on each junction (**maximal loading in indoor stands is 5,5 kW for each single junction**)
- It is necessary to mark a cable termination in relevant field (3P + PEN = „4pins“; 3P + N + PEN = „5pins“) and the fact, if it is a separate distributor (line 8, YES / NOT)
- The order with the chart (stand with power distribution) must be delivered 3 weeks before the fair at latest. The contractual penalty for the term violation is 50%
- The wiring system can be realised through the skilled firm or person only
- The final inspection can be realised by engineering inspector of the SŽDC (Railway Infrastructure Administration) only
- The fee for the cancellation of the finished wiring system for any stand is 2.500 CZK for each distributor

The payment for this services is a part of the final invoicing.
