Notes:

- The total power input is the sum of all inputs (appliances) on each junction (**maximal loading on any stand is 10,0 kW for each junction**)
- It is necessary to mark if it is a separate distributor on the stand - line "switchboard on the stand YES / NOT"
- The order with the chart (stand with power distribution) must be delivered 3 weeks before the fair at latest. The contractual penalty for the term violation is 50%
- The wiring system can be realised through the skilled firm or person only
- The final inspection can be realised by engineering inspector of the SŽDC (Railway Infrastructure Administration) only
- The fee for the cancellation of the finished wiring system for any stand is 2.500 CZK for each distributor

The payment for these services is a part of the final invoicing.
